

Youssef Ashraf

Beni Suef, Egypt | Phone: 01017332251 | Email: abdelraziikyoussef@icloud.com | LinkedIn: linkedin.com/in/youssefashraf-170802413

PROFESSIONAL SUMMARY

Computer Science student with a strong focus on Data Science, Artificial Intelligence, and Machine Learning. Currently expanding technical expertise through the Digital Egypt Pioneers Initiative (DEPI), applying data analytical skills and machine learning models to real-world problems. Solid foundation in programming, data analysis, and problem-solving built through academic study and hands-on training. Seeking internship and entry-level opportunities in Data Science and AI to contribute to impactful projects and continue developing skills.

CORE SKILLS

- Data Science and Analytics
- Machine Learning and Artificial Intelligence (AI)
- Python (Programming Language)
- C++ Development
- SQL
- Data Structures
- Problem Solving

TRAINING AND EXPERIENCE

Data Science and AI Trainee

Digital Egypt Pioneers Initiative (DEPI) | Current

- Applying data analytical skills and machine learning models to solve real-world problems.
- Practicing the full data science workflow: data cleaning, exploratory data analysis, model building, and evaluation.
- Developing skills in Python, SQL, and machine learning through structured coursework and projects.

EDUCATION

Bachelor's Degree, Computer Science

Beni-Suef National University | 2026 - 2029

CAREER OBJECTIVE

Actively seeking internship and entry-level opportunities in Data Science and Artificial Intelligence, aiming to contribute to impactful, data-driven projects while continuing to grow technical skills in machine learning and analytics.
